

Wanted:

“DEAD OR
ALIVE”

PURPLE
STARHISTLE

Possibly in a
Pasture Near You

The Harding Co. Invasive Plant Task Force seeks your help in identifying and destroying invasive and noxious plants that could potentially find their way into the county. Prevention is the key to keeping these non-native species out of our pastures. If you see a plant that looks like this, contact your local extension agent at 673-2341 for possible identification.
